why cant,
she leave him,
she'll eventually,
be killed by him,
i just don't understand at all,
in his house,
or in his car,
he'll hit her,
and give her scars,
i just dont understand at all,
the pain that she feels inside,
i just dont know,
how she can hide,
i just dont understand at all,

Chorus:

so why dont you leave him,
why dont you make things ok,
why wont you leave him,
just do it right,
and it'll be ok,

End Chorus:

would you know the truth,
if it slapped you in your face girl,
just swallow up your pride girl,
and shoot him out to space,
the girl i know's inside of there,
don't think she's not,
so don't you leave me standing here,
and make this all for not,

Chorus:

so why dont you leave him,
why dont you make things ok,
why wont you leave him,
just do it right,
and it'll be ok,
(why wont you leave him girl),
Just Leave,
(why wont you make things ok),
please,
(why dont you leave him girl),
Just do it right,

and it'll be ok
