Breaking bread, pouring wine, Speaking mysteries to  
stretch my mind I failed to follow the meaning Of 'flesh  
in the bread' that I swallowed Dipping bread in a dish  
calling out a traitor I'm hoping you'll explain this  
sooner or later I'm dizzy with confusion In the midst of  
a dream awaiting conclusion Chorus Three times  
denies Though I was strong but it seems I was wrong  
Now I see, since now I've three times denied your  
name I'm stained with shame This wretchedness  
becomes my fame Your accusation plagues my mind  
Your prophecy leaves me horrified Denied you never  
would be, Of all of us it would never be me To break  
your heart and make you moan Forsake your name  
leave you alone With the sting of a cowards lie The  
signed decree that declares you die Chorus  
Nightmares run through my brain Cold sweat covers  
me like a sickening stain In this place between asleep  
and awake I shake from the cold and the fear of  
heartbreak And in the glow of the fire I turn into a liar  
Too scared to say 'I know' Like a shepherdless sheep I run  
and I weep As I hear the cock crow Chorus You said  
three times My son do you love me And I said three  
times 'You know that I do'
