Never moved to the big ol' city
Like a lot friends I know
Had my eye on somethin' closer
Not far down the road

Buckin' hay on a flatbed Chevy
Green eyes and a working tan
Just a few short years together
And we ain't doin' bad

We got a diesel dually
Twenty acres out in the boonies
Smack dab in the middle is a little house

Raising beans and babies
What more could you want
For once you've found
Big love in a small town

Sittin' out on the porch in the evenin'
Sippin' on sweet ice tea
Downtown glowin' in the distance
How good could it be

If all they got is a high rise penthouse
Livin' forty stories up
Champagne in the back of a limo
We ain't missin' much

We got a diesel dually
Twenty acres out in the boonies
Smack dab in the middle is a little house

Raising beans and babies
What more could you want
For once you've found
Big love in a small town

We got a diesel dually
Twenty acres out in the boonies
Smack dab in the middle is a little house

We're raising beans and babies
What more could you want
For once you've found
Big love, big love in a small town

Big love in a small town
We got a big, big love in a small, small town
