Sweet Illusion knows my name
Take a breath and run away
Never ending to pretending
To escape the pain

Honesty please come to me
Humbly I've found my knees
I am blind but I want to see
Come now truth and find me

In your eyes
I see for the very first time
In this light
I feel and I know I'm alive

No need to entertain the game
On the streets of empty fame
No sufficing too enticing
No one left to blame

But honesty has come to me
Freedom found down on my knees
I was blind but now I can see
Truth has finally come to me

In your eyes
I see for the very first time
In the light
I feel and I know I'm alive

I'll wake up any moment now
It's so hard to believe that the traitor is me
Love is breaking through the night somehow
Not as real as it seems, here inside of this dream

In your eyes
I see for the very first time
In the light
I feel and I know I'm alive

And in your eyes

I see for the very first time
In the light
I feelâ€¦I and I know I'm alive
