Who am I?  
That You came to earth for me  
To die on a tree?  
Who are you?  
Son of man, Son of God  
Yes, I believe it's true  
More than words I bring to You  
May all I say and may all I do be

(Chorus:)  
Hallelujah, hallelujah  
May everything about me be  
Hallelujah to my King  
Hallelujah, hallelujah  
May everything about me be hallelujah

All of me  
I surrender completely  
Take control  
I want all of You  
So I'm letting go

I am healed and I'm forgiven  
I am free because I'm living

(Chorus)

It's all so clear, it's all so clear  
I was born to worship

Hallelujah, hallelujah  
May everything about me be hallelujah
