No more words to sing
No more contradicting melody
No more cheap goodbye
No more golden lie

Nothing to defend
Eyes, it's time to learn to cry again
Drawing out this line
For the millionth time

Behind me I see
A broken world and
Dead end dreams

I'm out of reach
I'm out of the reach of yesterday
Fade away
And I have changed
I have changed, so on with today

Following my heart
No where but the honest truth to start
What have I become?
What could I become?

Failure or success
Welcoming the test to prove my love
Growing in my faith
Lord please grant the strength

Behind me I see
A broken world and
Dead end dreams

I'm out of reach
I'm out of the reach of yesterday
Fade away
And I have changed
I have changed, so on with today

Thankfully, I'm breaking free

From all the chains that are holding me
I never knew how good life could be
So this is peace

I'm out of reach
I'm out of the reach of yesterday
Fade away
And I have changed
I have changed, so on with today

I'm out of reach
I'm out of the reach of yesterday
Fade away
And I see life
I see life
Ahead
Not behind
