If I dream too much, if I'm livin' up
If you hear me laughin' from across the room
That's just me, baby
Gettin' over you

If I'm out at night with my jeans too tight
Lookin' hot as hell in these high heel shoes
Oh, that's just me, baby
Gettin' over you

That's just me movin' on
What'd you think? I just stay at home
If I look out of place without those tears
Runnin' down my face

If you feel like it's a little too soon
I'm just doin' what I have to do
And that's just me, baby
Gettin' over you

If a stranger smiles and it's been a while
If I lead him on and not follow the rule
Oh, that's just me, babe
Gettin' over you

That's just me movin' on
What'd you think? I just stay at home
If I look out of place without those tears
Runnin' down my face

If you feel like it's a little too soon
I'm just doin' what I have to do
And that's just me, baby
Gettin' over you
Yeah, that's just me, baby
Gettin' over you
