I don't care anymore
I can't lie to you now
I know I've pushed you too far
I can't turn it around

All I have is wrapped up in you
Don't take it awayâ€¦take it away
Anything that I have to do
I'm gonna do to stay

You don't know what you're holding
'Til it's taken
You don't know what you're made of
'Til you're breaking
And you don't know the fate of one mistake
'Til you realize, what you leave behind

I can't talk anymore
My chest hurts when I breathe
This is not what I'd hoped for
I still want to believe

I can feel the pain that I've caused
I'd take it away, take it away
Any price that I have to pay
I'm gonna pay to stay

You don't know what you're holding
'Til it's taken
You don't know what you're made of
'Til you're breaking
And you don't know the fate of one mistake
'Til you realize, what you leave behind

You never know 'til it's gone
'Til it's gone

All I have is wrapped up in you
Don't take it awayâ€¦take it away
Anything that I have to do
I'm gonna do to stay

You don't know what you're holding
'Til it's taken
You don't know what you're made of
'Til you're breaking
And you don't know the fate of one mistake
'Til you realize, what you leave behind
You realize, what you leave behind
