"Anti-Love Song"

Don't tail me I'm the one who likes to be alone
Don't bother I'm the one who likes to be strong
It's unbearable, your eyes full of hope
How will I convince you I'm not ready for love.

I'm for nobody
Don't tell me you can own me
Don't try to find me
I live my life, don't press!
I'm for nobody
You know I guarantee it
Just lag behind me
This point is up to me.

Don't cozy me up! I'm not yours. Don't muddle me up!
You earn your wings but I don't want anything to start.
It's unbearable, your eyes full of hope
I'm tired of saying I'm not ready for love.
