We are here to praise the Lord  
And honor him and show him all the ways  
We are thankful that he gave  
His love for us so we could live today  
When we gather in his name  
He promised he'd be here  
And we will never be ashamed to

Stand up for Jesus  
Stand up be counted in his name  
Stand up he sees us  
Stand up his love will never change  
In the presence of the Lord we stand up

We are here to seek the word  
To understand the truth that's in his name  
All our joy and all our tears  
We bring them here and lay them down today  
When we gather in his name  
He promised he'd be here  
And we will never be ashamed to

Stand up for Jesus  
Stand up be counted in his name  
Stand up he sees us  
Stand up his love will never change  
In the presence of the Lord we stand up

We come with our aching hearts  
Seeking the peace we crave  
He offers a brand new start  
Fulfilling the promise he made
