No more weary, teary eyes
Just sunny skies
Never have I felt so alone
My how I've grown

Maybe that's the way it's supposed to be
As I'm walkin' down the street, maybe
Maybe if it's just You and me
We'll never even miss a beat, maybe

Take me away, take me away
All that I love is You, is You

Captured by Your love I'm such a fool
A fool for You
The day You laid Your hand upon my heart
Tore my world apart

There's been so many times that I have prayed
To hear You speak my name
Though I've never seen You face to face
I search for You everyday everyday

Take me away, take me away
All that I love is You, is You

Come what will and come what may
I know Your love it will remain
Through the joy and through all the pain
I surrender and it makes me want to fly

Take me away, take me away
All that I love is You, is You, is You
Take me away, take me away
All that I love is You, is You

Take me away, take me away
'Cause all that I love is You, is You, is You
