Afraid to love
Something that could break
Could I move on
If you were torn away?
And I'm so close to what I can't control
I can't give you half my heart
And pray He makes you whole

(Chorus)

You're gonna have all of me
You're gonna have all of me
'Cause you're worth every falling tear
You're worth facing any fear
You're gonna know all my love
Even if it's not enough
Enough to mend our broken hearts
But giving you all of me is where I'll start

I won't let sadness steal you from my arms
I won't let pain keep you from my heart
I'll trade the fear of all that I could lose
For every moment I share with you

Chorus

Heaven brought you to this moment, it's too wonderful
to speak
You're worth all of me, you're worth all of me
So let me recklessly love you, even if I bleed
You're worth all of me, you're worth all of me

Chorus (X2)

It's where I'll start
