You lift me up, You take me high
You hung the stars, the moon and my sky
I love everything about You

The way that You move, way that You are
You'll always be the King of my heart
I love everything about You

More than words to say it
I'm not the same, everything changed
When I found You

You're the best thing
That ever happened
You're my saving grace

Because You love me
Now and forever I will sing Your praise
You're the best thing

You're so good to me, I can't count the ways
You touch my life everyday
I love everything about you

All my desires, all of my plans
I know You'll hold them safe in Your hands
I love everything about You

More than words to say it
I'm not the same, everything changed
When I found You

You're the best thing
That ever happened
You're my saving grace

Because You love me
Now and forever I will sing Your praise
You're the best thing

Every moment in Your presence
My heart and soul, my every thought gets saturated

Will You catch me? I am falling
More and more in love with You

You're the best thing
That ever happened
You're my saving grace

Because You love me
Now and forever I will sing Your praise
You're the best thing

Best thing, best thing
Best thing, best thing
Best thing, best thing
Best thing, best thing
