Sarah Slean-High

I Always wonder why your eye close
Don't you want to see me closing mine?
Heaven help me I'll devour him
See me drawing out his spine

Hey boy go to sleep
I'll turn the ocean into skies
How do you keep?
When the love is making you high
Out of sight out of mind High

You're afraid of what I'll do to you
Recall the taste of something sweet
Between a thousand sheets of memory
I cannot be blamed because you're weak

Hey boy go to sleep
I'll turn the ocean into skies
How do you keep?
When the love is making you high
Out of sight out of mind High

(Piano Solo)

Hey boy go to sleep
I'll turn the ocean into skies
How do you keep?
When the love is making you high
Out of sight out of mind High
