She's looking out the north to  
A galaxy  
A faithful portrait 'cross a northern sea  
Along a frosty window  
She writes her name  
Oh daughter,  
This is how she became

Refrain:

Mary, go ahead and have your little baby  
Mary, toughest of the tough  
But still a lady

Oh I've got all the courage  
I'll ever need  
I wax poetic on my enemies  
The century is raging  
But so are we  
No matter what I know I got a symphony called

Refrain

Out of dark days  
Stay up airplane  
Take my ice sleigh  
Stay up airplane

Go ahead and have your little baby  
Mary, toughest of the tough  
But still a lady

Mary, toughest of the tough  
Toughest of the tough
