I carried my heart unbuttoned  
Across the lonely stage  
Where all the fools and actors  
Circle like birds of prey  
But careful with the rose, she knows  
Every word of every scene

O Please be good to me

I let the liar have me  
The forger and the cheat  
Love is the legal tender  
They try to steal from me  
But tell me how to lose, what you  
Want to give away for free?  
O Please be good to me

When love's light is shining elsewhere  
The cold is hard to shake  
But when it's shining on you  
The winter melts away  
I don't want to know how so  
I just want to feel the heat

O Please be good to me
