This voice I've heard before  
He left you all alone but you keep holding on

When you need love  
And it's just because  
Run to these cautious arms in front of you and say

Goodbye heartbreak  
Goodbye friend  
This was always yours in the end  
I knew we would walk through a war for some peace of  
mind

This call I get again  
It's 2 A.M but you know I'll be wide awake

When you need love  
And it's just because  
Run to these timid arms in front of you and say

Goodbye heartbreak  
Goodbye friend  
This was always yours in the end  
I knew we would walk through a war for some peace of  
mind

I'm a goodbye addict  
Goodbye friend  
This is always yours in the end  
I knew we would walk through a war for some peace of  
mind  
Some peace of mind

Here, now, gone

Goodbye heartbreak  
Goodbye friend  
And this was always yours in the end  
I knew we would walk through a war for some peace of  
mind  
I'm a goodbye addict

Goodbye friend  
This is always yours in the end  
I knew we would walk through a war for some peace of  
mind  
A goodbye addict
