\* shows I'm not sure what the right lyric is

December farm yard mistletoe  
But I aint there to let you know  
The snowflakes grace your lips and force a smile  
Turning\* mitts and mamas scarf  
Will keep you warm while we're apart  
But they won't hold you close the way I do

It's Christmas eve I miss you love  
Yeah you're the one I'm dreaming of  
Oh baby don't stop dancing in my head

There's a thousand miles  
That won't stop the Christmas smiles  
It's just gonna be a while  
Before we can see them  
Your gift is here  
It's waiting for you my dear  
A sweet January tear  
When we're together

It's Christmas eve I miss you love  
Oh you're the one I'm dreaming of  
Yeah yea, oh yea yea

Cowboy boots and prairie nights  
Snow angels and pick up lights  
Wishing I could roll around with you

It's Christmas eve I miss you love  
Yeah you're the one I'm dreaming of  
Oh visions of you dancing in my head

There's a thousand miles  
That won't stop the Christmas smiles  
It's just gonna be a while  
Before we can see them  
Your gift is here  
It's waiting for you my dear  
A sweet January tear

When we're together

It's Christmas eve I miss you love  
Oh you're the one I'm dreaming of  
Yeah yea, oh yea yea

Oh it's Christmas eve and I miss you love  
It's Christmas eve and I miss you love  
Yeah  
(Uh-oh I miss your lovin x3)  
I miss your lovin x2  
(uh-oh-oh-oh)  
Ohhhhh

There's a thousand miles  
That won't stop the Christmas smiles  
It's just gonna be a while  
Before we can see them  
Your gift is here  
It's waiting for you my dear  
A sweet January tear  
When we're together

It's Christmas eve I miss you love  
Oh you're the one I'm dreaming of  
Yeah visions of you dancing in my head

I miss you baby
