"She Makes Me Feel"

Tonight the darkness seems so deep
And silent stars watch as we sleep
The drifter cross the sky
Never stop to wonder why
Million eyes could never weep

She lies dreaming like a child
Here beside me all the while
She'll just dream away
Until the break of day
And gently wake me with a smile

She makes me laugh
She makes me cry
She brings down
And takes me high
She fills my life
And makes it real
No matter what she does
She makes me feel

And when the dawn becomes the day
Her nighttime dreams they slip away
She's there beside me still
The way she always will
Sharing my life in every way
