[Intro: Kay Slay]

Kay Slay, the Streetsweeper, Volume One

Yo Amerie, let's go baby!

[Chorus: Amerie]

Said it ain't too much for me

To have you next to me

I can't believe it all the things I did

To keep you loving me

And it's just too much for me

To not have you by my side

Cause no matter what you're going through

You know that I'm gon' ride, yea

[Verse One: Loon]

(C'mon, uh, talk to me, yeah, check it out)

You was a good girl, you did everything I told you

And all you wanted me to do was hold you

And all you wanted me to do was mould you

You want to see the street life and I showed you

Right from wrong, went from sippin' white to Don

Nigga had you lookin' right in thongs

Bitches mad cuz I iced your arm, copped the coup

Them hoes tried to stop the loot, you ? the suit

Now can't stand hot pursuit, so a nigga gotta do what
he got to do

You ain't gotta involved, got a spot for you to lay low

But still you insist on baggin' up yayo

Cleanin' my gun, said it better than sea and the sun

Layin' on sand - you'd rather play the role of a man

Like when dude put the hole in my van

You grabbed the gun, damn near put a hole in your
hand

That wasn't the plan...

Chorus

[Verse Two: Foxy Brown]

(Uh ohhh!) BK, I throw it up, feet stay, Manoloed up

Cris air canary yellow, these niggas hear me

Lou Vuitton, Lou Vuitton

Bring Fever cocksucker when Foxy throw it on
I, speak how I feel I'm a Fox 5 General
Y'all rap bitches is oh so subliminal
That's why I ones 'em everytime I pass 'em
Frontin' wit Young G the Fox 5 captain
So which hoe wanna fuck wit hun
So come, we dun ta pussy dem one by one, whoa
Now make me bust off my big Magnum
Spray off in the lobby, call us the Shower Posse
The don ga gun, come through stylin' hard
With two goons from the Sherlock Squadron
It be a bashment, Fox dun sparrin'
Y'all leave them niggas on the sideline starvin'

Chorus

[Bridge: Amerie]
I-I-I wanna get to know you
I-I-I want you with me
I-I-I just want to show you
You belong to me
I-I-I gotta get to know you
I-I-I have you with me
I-I-I just want to show you
You belong to me

Chorus
