Living by day , dying by night
under the shadows of your light
Fading away burning inside
with a love I need to fight
Fighting to let you stay
Fighting to let you go to let you go, and now
love turned into a war
Can't fight it anymore, fight it anymore

Maybe I'm crazy, maybe I lost my mind
this love we have is killing me
so amazing the way you drive me mad
baby this love we have is killing me
ohhh ohhh ohh ohhh

Can't live with you, Can't live without
I feel my heart is burning out
what can I do ?
You wear me out
But you're all I care about
Fighting to let you stay
Fighting to let you go to let you go, and now
love turned into a war
Can't fight it anymore fight it anymore

Maybe I'm crazy, maybe I lost my mind
this love we have is killing me
so amazing the way you drive me mad
baby this love we have is killing me
ohhh ohhh ohh ohhh

I love you, hate you, then love you some more
I'm bleeding dry but you're all I want
From hell to heaven, can't take it anymore
And still I know you're the only one (X3)
