I'm about to shock the world, bring it to ya now  
Jaws drop when you see this girl  
Big like, whoa gotcha shook like I ain't know  
Girls that look like that could flow

'Causin chaos, Sarai off the Richter now  
Spit it from the heart drop it in proper style  
Got you shakin' and bumpin'  
Everybody on the floor if you workin' with somethin'

Vibe go right through ya  
What that groove do to ya  
Sound so sick through the stereo  
Flamin' out the box scaldin' hot

Ice water couldn't stop, hits burnin' ya block  
Edgy Pop, Lil' Rock wit that real hip hop  
Till ya body drop, gotta pause to breathe  
Got those that didn't believe rockin' wit me now

I know you can't handle me, I know ya'll ain't ready for me  
This chick here ya'll 'bout to see, gonna change the situation  
I know you can't handle me, I know ya'll ain't ready for me  
Got ya'll up now waitin' to see, ya'll ain't really ready for me

And didn't even see me comin'  
Beats steady bumpin', I just broke em' off somethin'  
See em' frontin' with a whole lotta nothin'  
Like they was doin' they thing but really wasn't

See, I ain't pressed for the spot light  
Camera keep flashin' while I'm stuck at the stop light  
Yo, what the hell just happened?  
All ya'll followin' me just for rappin'

Damn, I got the world in a frenzy  
Haters gone envy, that don't offend me  
With ya little attitude, please don't tempt me

Get ya gassed just to leave ya tank empty

I ain't gonna come if you sweat me  
If ya really want, ya got to come and get me  
Dog, I make ya shake and twist drop  
And bounce and repeat the hook that I spit out

I know you can't handle me, I know ya'll ain't ready for me  
This chick here ya'll 'bout to see, gonna change the situation  
I know you can't handle me, I know ya'll ain't ready for me  
Got ya'll up now waitin' to see, ya'll ain't really ready for me

On 22's peelin', pull up to the clizzub  
It's packed to the ceilin'  
Bunch of guys goin' off like lil' girl  
On the side showin' off like

ATL in the house be the teens wearin' jeans  
Rockin' gold in they mouth  
Kingston upstate New York  
Lil' place up north where the style is raw

Hit me up 2-way or the celli  
6-4's when I roll out to L.A.  
Comin' to a party near you  
No matter where I go it's about what I do

Now that ya know that I'm bringin' it  
Let me know what's up, tell me if you feelin' it  
One time, now back to the song  
Everybody hands up, back and forth sing along now

I know you can't handle me, I know ya'll ain't ready for me  
This chick here ya'll 'bout to see, gonna change the situation  
I know you can't handle me, I know ya'll ain't ready for me  
Got ya'll up now waitin' to see, ya'll ain't really ready for me

I know you can't handle me, I know ya'll ain't ready for me  
This chick here ya'll 'bout to see, gonna change the situation  
I know you can't handle me, I know ya'll ain't ready for me

Got ya'll up now waitin' to see, ya'll ain't really ready for  
me
