I need a hero (x2)

I'm calling out I want you here,
This is my 911,
I'm sinking down into the fear,
That I just can't out run.
To save my self, all I can see
Is that I've got no choice,
I cry the help
And pray you'll be the one who hears my voice.

I need a hero someone to rescue me when I'm in a
mess,
Whenever I'm falling someone to be my safety net
I need a hero
Watchin' over me in my time of need,
To fix it when it's goin' wrong,
To be big and strong you know that I need a hero.

I see you there you're unaware of what is in my heart
Afraid to speak how can it be
It's tearing me apart
What can I do to make it through if you don't heal my
cry,
It's not a test I'm on the edge and running out of time
I need a hero someone to rescue me when I'm in a
mess,
Whenever I'm falling someone to be my safety net
I need a hero
Watchin' over me in my time of need,
To fix it when it's goin' wrong,
To be big and strong you know that I need a hero.

Waited my whole life for someone like you
And I think it's time for my dreams to come true
If only you could hear me
I know you'd be near me you'll never let me go, oh

I need a hero (x2)

I need a hero someone to rescue me when I'm in a
mess,

Whenever I'm falling someone one be my safety net
I need a hero
Watchin' over me in my time of need, to fix it when it's
goin wrong,
To be big and strong you know that I need a hero. (x2)
