Chorus: B.I.G.

what do ya do when ya bitch is untrue?

you cut the hooka off and find someone new

i need anotha bitch (anotha bitch)

in my life

[B.I.G.]

i know he don't treat you like i treat you

time to explain the game you see through
that i sleep through
i ain't goin lie
means to get ya back
i ain't goin try
like this ya'll
my girl sucked anotha nigga dick ya'll
light skinned
with the chromed 96 ya'll
but they was creepin'
to trips to VA every third weekend
while you was sleepin'
he hit ya on the box
used to knock it non-stop
should've left ya then
but my heart said not
you knew to much
the relationship grew too much
you knew about crack vials
means to be trialed
why i hate goin to the
bathroom towel
waited for awhile
thought you where
the right thing
then things got

frightning

peep the scene

chillin' like sam rosten

guess you changed her

huh go figure

never thought you could be a gold-digger

take my dough and spend

with the next nigga

axed my man tigga

my ace boom boom

we cut the shit off

before the shit bloomed

now i'm like brandy

sittin' in my room

pissy drunk

listenin' to stylistic

tunes

from the oj's

thinkin' bout the old days

my niggas like fuck that bitch

go play

balla, if she beep you, don't call her

guess who i seen?

that freak bitch paula

she was askin bout

ya where abouts

heres the digits

i know you can wear

that out

tear that out the frame

ya game so tight

you'll be fuckin that tonight

Chorus: Lil Kim

what do ya do when ya man is untrue?

you cut the sukka off and find someone new

i need anotha man

in my life

[Lil Kim]

remember when you said you would die for me

shit all o' dat was just lies to me

muthafukka should've neva said bye to me

now you cry for me

like jodeci

it's like dat ya'll

my nigga hit anotha bitch

from the back ya'll

black nasty and matter fact ya'll

seen the ho

nigga pack ya shit

you out the door

OH

what about the fight in the mirage

i seen ya benz parked outside

of my sistas garage

said it was ya friend Rog

bullshit

i ain't gonna keep puttin

up wit the bullshit

and still i

never sweat these bitches

QB hang

like plaques on the

wall and ya pictures

scalin fishes

my love is concrete

stashin ya heat

in the passenger seat

of the nautica jeep

you been down fo so long

still a bitch like me tryin to hold on

teary eyed

damn a bitch steamin

girls steady screamin

Kim you need to leave him

when i testified in court

couldn't think str8

thinkin bout the bitches
i fought over you
nigga have the shit you bought
and fukk you
movin is my last resort
you seen 9 outta 10 niggaz
ain't shit
1 outta 5 niggaz suck ya dikk
ya mad at me
to bad she ain't bad as me
shoulda kept the freak bitch
off my canopy now ya see
ain't no pussy warm as mine
long as mine
ain't no love as strong as this
when i sucked ya dick
its like smokin a roach
why go from first class to coach
