INTRO CHORUS: R. Kelly

You must be used to me spendin

And all that sweet winin and dinin

Well I'm fuckin you tonight

VERSE ONE: Notorious B.I.G.

Some say the x

Make the sex

Spec-tacular

Make me lick you from yo neck

To yo back, then ya

Shiverin

Tongue deliverin

Chills up that spine

That ass is mine

Skip the wine and the candlelight

No Chrystile tonight

If its alright with you, we fuckin

(Thas fine)

Deja Vu, the blunts sparked

Finger fuckin in the park

Busy off Bacardi Dark

Remember when I used to play between yo legs

You begged for me to stop because you know where it
would head

Straight to yo mother's bed

At the Mariott

We be lucky if we find a spot

Next to yo sister

Damn I really missed her

Way she used to rub my back

When I hit that

Way she used to giggle when yo ass would wiggle

Now I know you used to sweets at the Parker Meridian

Trips to the Caribbean

But tonight, no ends

CHORUS (TWICE)

VERSE TWO: Notorious B.I.G.

Damn you look fine

Like a wineface Rolex, you just shine

I like that waistline

Let me hit that from behind

Which wall you wanna climb

My styles genuine

Girl I love you long time

I got you pinned up

With yo fuckin limbs up

Or because you like the way my Benz was rimmed up

Bitch keep yo shins up

Please watch me do thee

Nasty, like it when you make it move fast mommy

I like it when you tro it 'pon me (throw it up on me,
jamaican stlye)

No love makin, strictly back breakin

Cees know, all his hoes, go to my door

Then they go to his floor

To fuck some more

Solo, Caviar, Shock Bar, uh uh

Strictly sex thas pretty

And left over spaghetti

I know you used to slow CDs

And Don P's

But tonight its 8-tracks

And six packs while I hit that

CHORUS (TWICE)

VERSE THREE: Kelly

Lets stop the bullshit baby

Let me take the stop

Get you hot

Say you wanna be with me

The Puff Daddy

The B.I.G.

Bring that ass to me
