We met this rapper online
He's so adorable, he's nine
Yeah back up ladies he's mine,
You're getting my way
He makes good videos too
Invite him out to our shoot
His older brother is cute
Still getting in my way

I love this lip gloss!
Hey, that's the one that I bought
Look, I can't tell from this spot
Where you think you're going...
Pinch me

Hey we just met you
And this is crazy
You're so adorable

Thanks, but I'm not a baby

I bet all the other girls,
Try to chase you!
Look how precious

That's nice but I'm not a baby
Hey I just met you
And they're all crazy
I like your hat though

Thanks, it's Matty...baby!

I'm used to all the girls, so
It don't phase me
Let's take a picture
Say cheese, Matty baby

I'm like yo, even though I'm not grown up big
I wanna do me, do me can I live?
My soul that's for, not you wanna play with me
I mean

Hey Matty, need a friend?

That's cool, I'm just trying to clean my head
This rap's the last style I got live
I can see e going big go on tour
You'd win the cuteness award
Umm, hey we're talking
Yes, that's why we're stalking
Let's go
"And we're walking"
This is going on youtube
I give up!
Wait, we just met you
And this is crazy
I dig this enthusiasm ladies
But I'm not a baby

And all of my friends
Think you're amazing
So do you have a girlfriend?
DANI He's just a baby!

Look! I just met you all
And you're very crazy
I know right
So here's my number, so call me maybe!
And all of us girls
Drive me crazy
Think you're the cutest
Teenage crazy town
Before he came into our lives we missed him so bad
We missed him so bad
I missed him so bad!
I guess they'll never realize but they should know that
That leave no flat
Hey can we wear your hat?
