Cut the music up  
A little louder  
Yeah

You had a lot of crooks try to steal your parts  
Everybody will watch - count down's gonna start  
When you go up - Hope you don't blow up  
I've had a lot of toys that didn't last forever  
And I've been up all morning trying to glue you  
together  
To fly up... We wanna see you fly up

The other day I was at the store when it caught my eye  
See I'm a lover of any toy that says it can fly  
I let my momma keep my wallet cause I love to buy  
But I just begged I gotta have it, this was ultra fly  
I told my brother when I launch it he can watch it too  
We set a launch gate, launch date coming soon  
The closet thing we'd ever seen was in a cartoon  
I wrote my name on it just in case it hits the moon

Now I admire this rocket ship with a passion  
I just had the thought to make a camera attachment  
baby  
So when it's done we'll see what all happened  
Bro you must be trippin' - I'm doin' the button mashin'

You had a lot of crooks try to steal your parts  
Everybody will watch - count down's gonna start  
When you go up - Hope you don't blow up  
I've had a lot of toys that didn't last forever  
And I've been up all morning trying to glue you  
together  
To fly up... Fly up
