I've tried playing it cool
But when I'm looking at you
I can't ever be brave
'Cause you make my heart race

Shot me out of the sky
You're my kryptonite
You keep making me weak
Yeah, frozen and can't breathe

Something's gotta give now
'Cause I'm dying just to make you see
That I need you here with me now
'Cause you've got that one thing

So get out, get out, get out of my head
And fall into my arms instead
I don't, I don't, don't know what it is
But I need that one thing
And you've got that one thing

Yo, let me tell you how I met this girl
I was out one day when she ruined my cool
Called up my friends it was at the pool
See summer time comes - good life is simple
We sit by the water sippin' Shirley Temples
It was me, the boys - looking extra fly
Pushed in the water when she passed us by
Took me by surprise how we met last June
Now she's stuck in my head like a One D tune!

Something's gotta give now
'Cause I'm dying just to make you see
That I need you here with me now
'Cause you've got that one thing

So get out, get out, get out of my head
And fall into my arms instead
I don't, I don't, don't know what it is
But I need that one thing
And you've got that one thing

So get out, get out, get out of my head
And fall into my arms instead
I don't, I don't, don't know what it is
But I need that one thing
And you've got that one thing
