Give me a second I  
I need to get my hat on right  
Cause I might be in this verse  
But not unless my swagger's tight  
Dreams are made to follow  
If you reach beyond the stars  
But you can't let other people's opinions  
Determine who you are and

If I know one thing  
I be working hard (knock)  
Doing my thing  
Catch me rappin' like non stop  
In it for the team  
Give me the and it'll be  
All eyes lookin' at me  
What you, what you really want  
Tell me what you really need  
And everybody doubts qualities they can't see  
Listen the mission ain't glistening  
You're missing me more  
Man they ain't spit it like Matty before

So if by the time the verse closes  
And you feel like falling down  
I'll carry you home..

Tonight we are young  
So let's set the world on fire  
We can burn brighter  
Than the sun (x2)

I represent every kid, every nation  
I represent my young generation  
I represent music innovation  
You're favorite song on that FM station  
It's like the beat brings the best in me  
And no man can stop my destiny  
So if you're young and you're fresh  
And you're wild and free  
Then put your hands in the air

Up where I can see and sing

Tonight we are young  
So let's set the world on fire  
We can burn brighter  
Than the sun (x2)

So if by the time the song closes  
And you feel like falling down  
I'll carry you home tonight
