You hide away like a coward
while I run around in circles
chasing my own tail
Its too hard to forgive you
its easier to forget
I speak like you're speaking through me
I act like you would act
and I get mad
Like you would too

My eyes are filled with the tears
you've brought me
My heart is broken from your betrails
Life is filled with fears and people leaving
So what is it that you dont understand?
Open up your eyes, admit what you've done
Take your responsibility and
Be a man

Be the man I can depend on

The anger that lives inside me
competes with the fears
my broken heart carry
Its so hard to hold you
Pretending its allright
I know how you feel, I feel it in me
I yell like you would
and I start a fight
Like you always do

My eyes are filled with the tears
you've brought me
My heart is broken from your betrails
Life is filled with fears and people leaving
So what is it that you dont understand?
Open up your eyes, admit what you've done
Take your responsibility and
Be a man

Be the man I can depend on

Be the man I can depend on
