Maybe I was running too fast
to see what I was running from
What if I lost a piece of me
that never got to grow
Maybe there are things that I should have learned
if I had chose another direction
Maybe there are different ways to look at it
but my fears has blinded me

I am desperate, to know the truth
and I'm suffering, from not being able to see you
My mouth's dry from calling out your name
And my heart is broken because I couldnt find you

It hurts so much

Maybe I'm too afraid to understand
and if I can't, I'll forever lose
Maybe I got lost on the road
too scared to look back, to let go
What if I've been running with open wounds
that should have been healed
Maybe I should hang on to my own beliefs
instead of carrying this stone

I am desperate, to know the truth
and I'm suffering, from not being able to see you
My mouth's dry from calling out your name
And my heart is broken because I couldnt find you

It scares me a lot

I'll understand if you say it's not for me
I'll be fine, if you dont want me
but if you're here, don't leave me

I am desperate, to know the truth
and I'm suffering, from not being able to see you
My mouth's dry from calling out your name
And my heart is broken because I couldnt find you
I am desperate, to know the truth

and I'm suffering, from not being able to see you
My mouth's dry from calling out your name
And my heart is broken because I couldn't find you
