you keep on denying me
while my tears continue to fall
i try to hear you out
understand your reasons
pretending i dont know
where it's leading

you look at me but it was a long time since you really
saw me

you've stopped coming home
i have no idea where you're going
i stay up at night
thinking it over one more time
fooling myself that i dont know
why you're leaving

you listen to me but you never hear what i'm trying to
tell you
baby, baby, give me a reason

everything's hollow
from the look in your eyes to the morning sunrise
and we're nothing but a story,
memories too heavy to carry
i dont know
what i'm gonna do

you laugh with your friends
while i turn to mine for comfort
i try to understand you
but i dont know if i will
i can't even spell it out
my baby's leaving

you touch me but you're touch is a memory of what
used to be
baby, baby, give me a reason

everything's hollow
from the look in your eyes to the morning sunrise

and we're nothing but a story,
memories too heavy to carry
i dont know
what i'm gonna do
everything's hollow
from the look in your eyes to the morning sunrise
and we're nothing but a story,
memories too heavy to carry
i dont know
what i'm gonna do
