follow the streets that gets you to it  
follow the dreams that makes you do it  
chase whatever is ment for you  
stop it you know it's coming through  
and see

see the world opening again  
feel that good feeling once again  
and you know,  
you know it's gonna be allright  
you know,  
you've found a reason to wear a smile  
and the sadness, and the misery  
the hurtfull nights and sad poetry  
it's all gone,  
it's all gone

listen to the wind as it whispers to you  
fly with the birds if thats what you wanna do  
never stop chasing new rainbows  
there's always gold on the other side  
and feel

see the world opening again  
feel that good feeling once again  
and you know,  
you know it's gonna be allright  
you know,  
you've found a reason to wear a smile  
and the sadness, and the misery  
the long nights and sad poetry  
it's all gone,  
it's all gone

dont be afraid of silence  
you dont have to hear a thing  
dont be afraid of feelings  
it wont hurt as bad again  
dont be afraid or lightning  
or the thunder thats above  
dont be scared to fail and face

the sadness and the hurt

you just have to see

see the world opening again  
feel that good feeling once again  
and you know,  
you know it's gonna be alright  
you know,  
you've found a reason to wear a smile  
and the sadness, and the misery  
the long nights and sad poetry  
it's all gone,  
it's all gone
