caught up in a circle
where my strenght is low
trying to beat the odds
but i just cant any more
holding on everytime i hesitate
everytime i play the game
i hold your hand trough the rain
but i'm alone in my hurricane

and sometimes
i wish i was the wind
the wind that blows through your hair
the one that makes you want more
and i'd be there
without any fear
with nothing left to loose
i'll be your summer breeze
sweap you off your feets
if i was the wind

stuck in a different now
chained from head to toe
asking for forgiveness
i can not take anymore
breaking everytime i take a breathe
always chasing a new day
baby, i give you my hand to hold
but somehow i always let go

and sometimes
i wish i was the wind
the wind that blows through your hair
the one that makes you want more
and i'd be there
without any fear
with nothing left to loose
i'll be your summer breeze
sweap you off your feets
if i was the wind

if i was the wind

i'd carry myself through the pain
i'd be there with a flag at the top
marking my space
this is my home, leave it alone
let me find my piece of mind

and sometimes
i wish i was the wind
the wind that blows through your hair
the one that makes you want more
and i'd be there
without any fear
with nothing left to loose
i'll be your summer breeze
sweep you off your feets
if i was the wind

baby, if i was the wind
i'd never be afraid
i'd give you your space
and i'd never hesitate

no i'd never hesitate
if i
was
the wind
