you laugh at me 'cause i'm ridiculous
doing my belly-dancing
falling on the last step
with my nose first

with you i loose my kitchenphobia
and i'm learning about cars
i know who wan the last soccer game
and i don't drink that much coffee

i've lost so many of my fears
sometimes i even miss my crocodile tears
it seems like running never had a point
and now that i'm with you
i've found my place

you stand by me as bombs are dropped
when the rain is falling
as the wind takes down
my house of cards

with you i'm naked when i'm dressed
your music sounds good to my ears
i know everything about computer games
and after dinner; you're my dessert

i've lost so many of my fears
sometimes i even miss my crocodile tears
it seems like running never had a point
and now that i'm with you
i've found my place

you know what to do with my body
as the night arrives
where i want you to tickle
and where my points are placed
where to put your fingers
just when to start
and baby,
when you do it you're the best

i've lost so many of my fears
sometimes i even miss my crocodile tears
it seems like running never had a point
and now that i'm with you
i've found my place

i've lost so many of my fears
sometimes i even miss my crocodile tears
it seems like running never had a point
and now that i'm with you
i've found my place
