I love my music, my music; I love my music, like I love
you
You got me open, since I met you that night
Girl you got me hoping, that you'd come back around
Cause I'm thinking bout you baby, and I know you were
digging me too, yeah
I brought you flowers, but you never got back,
Pretty pretty roses, still you never got back
But I ain't giving up on you, cause I know you were
digging me too, yes you
Were
Are you just a dream, or are we really ever, ever gonna
get together love?
Girl you're so precious, can't wait to get you on the
phone
And talk about the way you got me shook, the way you
got me shook is, I had
To write a song
Now you could be the Jazz in my pop, the R&B in my
rock
You can be my music, you could be my music
You could be the sound of my horn; I want to play you
nice and warm
You can be my music, yeah be my music, yeah, yeah,
yeah
Girl you got me open, I want to give you my heart
Girl you got me hoping, and I can't find my mind,
cause it's looking for
You baby
You don't know what I'm going through
So I sent a message, but you didn't get back, now did
you get my message?
But I ain't giving up on you, cause I know you were
digging me too
Are you just a dream, or are we really ever, ever gonna
get together love?
Girl you're so precious can't wait to get you all alone,
and let Mother
Nature do,
What does Mother Nature do? She makes us fall in love
You could be the Jazz in my pop, the R&B in my rock

You can be my music; I'll be your music
You can be the Jazz in my pop, the R&B in my rock
You can be my music; I'll be your music
You could be the sound of my horn; I'm gonna play you
nice and warm
You could be my music I'll be your music yeah
Girl you could be the Jazz in my pop, the R&B in my
rock
Now you can be my music, girl be my music
You could be the sound of my horn; I'm gonna play you
nice and warm
You could be my music; I'll be your music baby
You can be my hip hop yeah, my classical rock, you
could be the sound of my
Horn
I'm gonna play you nice and warm; the funk in my soul
You can be my music, my music baby, be my music,
yeah yeah
Music, Music, Music, yeah
You're my music baby, baby, baby, oh yeah, my music
yeah
