I feel the time, the time has come  
It's underneath my, underneath my thumb  
Maybe I don't stand a chance  
But then maybe I could  
So with the devil I'll dance  
And knock on wood

If I could rule the world  
Oh, if I could rule the world

I'd take the pain, take the pain from your heart  
And I would tear it all up apart, I'd tear it all apart  
I would drown out the cries with redemption songs  
I'd part the truth from the lies  
And the right from the wrong

Yeah, if I could rule the world  
Oh, if I could rule the world

I'd be the king with the commoner's crown  
You'd be the queen and let your heart reign down  
Reign down, reign down

When the day is done  
When the day has passed  
And a new light shines  
A new light is cast

Give a run for your worth  
And play the cards at hand  
Fight the troubles at birth  
And know where you stand  
And remember

That if I could rule the world  
Yeah, if I could rule the world  
Oh, if I could rule the world  
Yeah, if I could rule the world  
You'd be my queen  
You'd be my queen  
You'd be my queen

I feel the time, the time has come
