You can feel it down deep in your soul,  
It'll change your life it'll take control.  
It'll tell you what you want to know,  
And it's called White Power rock n roll.

Chorus:

It's called White Power rock n roll  
It's called White Power rock n roll  
It's the White Power rock n roll  
You know the White Power rock n roll

When times are tough it'll keep you strong,  
And you always know where you belong  
It'll raise your spirit with a song,  
If you know the words you can sing along.

It's the only true alternative,  
That will turn you into a fugitive.  
And if you really want to live,  
Then White Power rock n roll it is.
