Still find you waiting here  
That feeling doesn't pass  
I find you searching  
Looking down from above

Still feel the way you do  
So sad so deep in the blue  
You hurt from the silence

I hold my eyes  
When I break us I don't wanna see... me  
Hold my head down  
When I break us... no shame

When I'm old and I'm wise  
And my life pass in front of me  
Will you remember me  
When I'm old deep inside  
See the sunshine in your eyes  
You take my breath away

When can I see you again...

Twelve thousand moons later  
Stellar... you're selling up  
I keep on searching  
But you're sent from above

I feel the way I do  
So sad so deep in the blue  
I hurt from the silence

I hold my head down when I break us  
You don't wanna see... me  
I hold my eyes when I break us... no shame

When I'm old and I'm wise  
And my life pass in front of me  
Will you remember me  
When I'm old deep inside  
See the sunshine in your eyes

You take my breath away

When can I see you again...  
Will I see you again...  
Again...

When I'm old and I'm wise  
And my life pass in front of me  
Will you remember me  
When I'm old deep inside  
See the sunshine in your eyes  
You take my breath away
