mystery man

i close my eyes at night
i never get a chance to sleep
every beat of my heart gets stronger
i know we're gonna meet

no face with know your name
each time you satisfy my hungry heart
i will give you all my love tonight
stay with me forever....

you're my mystery man
where are you every night?
you're my mystery man
i need you right here by my side
you're my mystery man
every night I see you in my dreams
you're my mystery man
mystery man

now I'm afraid to look around
and find you no where to be found
are you real or an illusion?
don't bring me down

I've been trying for too long,
to find a place where I belong
mystery man if my world's not good enough,
take me into yours....

you're my mystery man
where are you every night?
you're my mystery man
i need you right here by my side
you're my mystery man
every night I see you in my dreams
you're my mystery man
mystery man

don't bring, don't bring me
don't-don't don't bring me

don't bring, don't bring me
don't-don't don't bring me
don't bring, don't bring me
don't-don't don't bring me
don't bring, don't bring me
don't-don't don't bring me
down

you're my mystery man
where are you every night?
you're my mystery man
i need you right here by my side
you're my mystery man
every night I see you in my dreams
you're my mystery man
mystery man

you're my mystery man
mystery man
