Broken down
I've run aground
in perfect need
of You

The life You bring
You breathe on me
for out of You comes everything

so we breathe in deep this love
so we breathe in deep this love

Ocean sings
Your melodies
the Composer's heart
Indeed

Painted skies
rest at Your feet
the earth surrenders
a masterpiece

so we breathe in deep this love
so we breathe in deep this love

It's so beautiful
how only You can satisfy this heart
it's so beautiful
how only You can satisfy this heart

for You will always be the life i need

The life You bring
breathe on me
for out of You comes everything

That's why
we breathe in deep this love
we breathe in deep this love

It's so beautiful how only You can satisfy this heart

it's so beautiful how only You can satisfy this heart
it's so beautiful how only You can satisfy this heart
it's so beautiful how only You can satisfy this heart
for You will always be
the life i need
the life i need

We sing sing it out we sing it loud
for love has found us
we sing sing it out sing it loud
for love has found us
we sing sing it out sing it loud
for love has found us
sing sing it out sing it loud
for love has found us
sing sing sing it out sing it loud
for love has found us
sing sing it out sing it loud
for love has found us
