I can see the snow before my eyes
As I brave the blizzard
The sky is now black
Through the snow and ice

Here is the snow which covers the Earth
Here is the cold which frozen our blood

I brave the blizzard of dark
Still I hear the sound of the barks
I brave the blizzard of dark
Still I hear the sound of the barks

In this crystal flame
The rsdiance from a star
I risen from within
A dead man's dream

I can see the snow before my eyes
As I brave the blizzard
The sky is now black
Through the snow and ice
