I feel love all around me, every sense is tuned to you

You've woken something deep inside and made me  
feel brand new

And i quiverwhen you touch me, when you walk into the  
room

And i couldn't stop from falling even if i wanted to

So i breathe you in

And drown in this emotion

Let it roll over me

Flowing like the ocean

I melt into your arms

And let all my guards come down

I breathe you in

I look into your eyes and i see into your soul

And i feel so hypnotised like i've somehow lost control

But i see you looking back at me and i know you feel  
the same

So i let go and let love come down and just take me  
away

Chorus

And it's like water to the thirsty

And it's like standing in the rain

Chorus
