A day like any other day
But there's something in the air
Nothing's really changed
But it feels like i'm finally getting somewhere
And it's all here before me
The future is in sight, hey yeah
And i'm going to make it mine
Today is going to be a good day
Feels like everything is right
And nothing's hard to do
And i'm going to make it my way
And i'm going to take my time
It feels like it's the start of something new
Nah nah, nah nah nah nah nah nah
Now i've just got this feeling
Of good things on the way
A moment full of promise
In every breath i take
And it's all here before me
The future is in sight, hey yeah
And i'm going to make it mine

Chorus

Storm clouds are over

And it's shining down on me with possibility

And i am going to take hold of everything i seek

'Cause i do believe, yes i do believe, you know i do
believe

Chorus
