Yeah, I know it's crazy but I don't even care
Words of warning about, be careful now, I just can't
seem to hear
With you it seems I've broken every rule
But I believe in chances and I'm going to take a chance
on you

'Cause when I rest within your arms
It feels like I'm finally found

And it's plain to see, yeah, that baby, I believe this is
love
(Love has finally found me)
And I can't hold back now, I've finally found you, my
love
I have finally found my love, my love

And it feels like I should be right here with you to stay
'Cause I want to know this kind of peace within me
always
Never known just how it felt to not be scared
So I'll put myself in your hands 'cause I know you'll
always be there

'Cause when I rest within your arms
It feels like I'm finally found

And it's plain to see, yeah, that baby, I believe this is
love
(Love has finally found me)
And I can't hold back now, I've finally found you, my
love
I have finally found my love, sweet love
