(feat. Nonex)

In the beginning there was a non existent nothing

Au debut

In the beginning there was a non existent nothing

(Au-au-au) Au debut, il y avait un rien non existant

You wanna have a second try?

In the beginning there was a non existant nothing

Au debut, il y avait un rien non existant

You wanna have a second try?

Au debut, il y avait un rien non existant

In the beginning there was a non existant nothing
