People come from everywhere  
Waiting for the evening sun  
Gathering for a special moment  
That is yet to come  
In the sunset atmosphere  
We all go quiet standing there  
And when the sea embraces the light  
the day has gone, born is the night  
They go away  
Don't close their eyes  
They dance all night  
Till a new sunrise

They go away  
Don't close their eyes  
They dance all night
