All you said and all you did to me  
Was a storm that lies beneath this dark blue sea  
It's calm on the surface, but the truth is  
When I sleep at night  
It's quietly sinking in  
You're not lying by my side.

And I'm haunted  
Still a part of me that's haunted  
By the only one I've ever wanted  
Everyone has their ghost

And when you warned me  
I couldn't say you didn't warn me  
Maybe I'm afraid cos I know I know  
That's what I need the most  
Gotta let you go.

You said what goes around, comes around  
Well I'm floating in a darkness waiting to be found  
So why didn't you tell me  
That I could be waiting such a long, long time  
Oh quietly sinking in  
You're not lying by my side.

And I'm haunted  
Still a part of me that's haunted  
By the only one I've ever wanted  
Everyone has their ghost

And when you warned me  
I couldn't say you didn't warn me  
Maybe I'm afraid cos I know I know  
That's what I need the most  
I've gotta let you go.

Yeah ' I've gotta let you know

And I'm haunted  
Still a part of me that's haunted  
By the only one I've ever wanted

Everyone has their ghost

Oh, When you warned me  
I couldn't say you didn't warn me  
Maybe I'm afraid cos I know I know  
That's what I need the most  
Gotta let you go.
