"Jah Jah Light"

Look up in the sky and sight the universe
the light of creation is in all of us
Jah Jah Light, Jah Jah

Look into your mind and check reality
The ways of Jah don't deal with "no brutality"
Jah Jah Light, Jah Jah

Though there's those who say Selassie don't count
But the blind can't see and the deaf can't shout
Open up your eyes

Look into your dreams and check for your mistakes
A better man you'll be in a righteous way
Jah Jah Light, Jah Jah

Look into your heart and give your love for free
The ways of Jah just deal with love and charity
Jah Jah Light, Jah Jah

Jah created the birds and bees
created all of humanity, so
Open up your eyes

Though there's those who say Dreadlocks don't count
but the blind can't see and the deaf can't shout
Open up your eyes
