Dreams come true  
It sometimes seems they do  
I've always dreamt of you  
Or one just like you

The others I never loved  
They only left me cold  
The loves that go true  
Is one only parent of you

Who's in your heart?  
Who were you looking for?  
When I saw your eyes  
When I saw your eyes darling  
I knew

I love you  
Gives me such a thrill when I see you smile  
Your eyes are like mine  
The water I saw you in mirrored everything  
I warmed to your smile  
Your sweet smile tore open my eyes

If you should die  
You will change into a flower  
I would die then  
When I saw your eyes darling  
I knew

With your eyes like mine  
Your eyes like mine  
Like mirrors  
How did I know whose kiss I was after  
Since a little child  
This caress I'd been aching for

Now I know what I have been chasing  
Down through the years  
When I was asleep  
Dreaming bad dreams
